

STYLING TIP

PHOTO FRAMES

One of the easiest styling tricks you can do with photo frames is the one bigger, one smaller combination pair.

PHOTO FRAMES

Choose:

- One larger frame like a 5" x 7"
- One smaller frame like a 4" x 6"

Place:

- Place one frame in front of the other but slightly offset to one side so you can still clearly see both pictures.

To make it Work:

- Keep both frames in the same colour or material.
- Keep the colours in the photos similar
- You can use photo frames in different shapes
